

My Community & Me

Service Learning

Part of the 8th grade team goal is to help your child figure out who they are as a person as well as their role in society. In the portfolio project, your child will look at him/herself in great detail. Through the *My Community and Me* chapter your child will be able to develop his/her own personal role in society.

Each student will complete 5 hours of service learning by the portfolio due date in the spring. This may include free babysitting, raking a neighbor's yard, shoveling snow, volunteering with an organization, etc. Students may choose to do one activity for all 5 hours or multiple activities to meet the requirements.

The students will also type a minimum three-paragraph essay describing their work and what it means to be a volunteer.

Thank you for your support,

Brandy Davis
