

Digital Media Elective 2017

Course Summary:

Join me for an exciting semester in Digital Media! It is my goal to work with students to become responsible young adults, while being creative and exploring a variety of ways to use technology.

Students will learn to communicate with large groups, and use a variety of applications on their Chromebooks. Below is a list of projects that students will work on this semester in Digital Media:

- Create a website
- Make an informational video to help with the transition for students coming from Navigator to Pathfinder
- Create a PSA (Public Service Announcement) to enter into a contest
- Make a commercial advertisement
- Create a music video
- Interview a Role Model
- Make a short film
- Create a song using a music application
- Photography Project
- Morning Announcements

Expectations:

Students are expected to come to class with their Chromebooks charged DAILY. Since this is a digital media class, the Chromebooks will be used regularly. Students must also follow all school/district technology rules and guidelines when using their computers and the internet. Failure to follow the rules may result in loss of computer privileges and/or a detention/suspension.

Materials Needed for Class:

- Chromebook charged
- 2 pocket folder for notes and project guidelines
- Earbuds will be helpful
- Cell phones will be permitted in class since they may come in handy when shooting video, however permission is needed before use
